New Year Resolutions

Guess what is the most common New Year's resolution? Workout and get fit. Everyone knows how to do that: exercise consistently. Yet by now, some 60% of resolutions have been "revised." To progress and achieve one's potential in piano, **consistent practice is key.** This is why we require our students to play each piece two times a day *accurately*. The amount of time that takes will vary with each student, just as a fitness plan will vary for each individual. Let's play!

Studio will be **open** all of February, no holidays.
